

CLAIMS

1. Composition comprising, in combination:
 - 5 (a) at least one marrow oil, and
 - (b) at least one borage oil.
2. Composition according to Claim 1, characterized in that it also comprises at least one compound chosen
10 from a nettle extract (c) and a soybean extract (d).
3. Composition according to Claim 1 or 2, characterized in that the marrow oil (a) is an oil extracted from marrow pips and/or the borage oil (b) is an oil
15 extracted from borage seeds.
4. Composition according to any one of Claims 1 to 3, characterized in that the nettle extract (c) is an extract of nettle roots, advantageously in powder form.
20
5. Composition according to any one of Claims 1 to 4, characterized in that the soybean extract (d) is soybean lecithin or an isoflavone-rich extract, advantageously in powder form.
25
6. Composition according to any one of the preceding claims, characterized in that the marrow oil (a) is present in a concentration of between 20% and 40% and advantageously between 25% and 35% by weight relative
30 to the total weight of the composition.
7. Composition according to any one of the preceding claims, characterized in that the borage oil (b) is present in a concentration of between 10% and 30% and
35 advantageously between 15% and 30% by weight relative to the total weight of the composition.
8. Composition according to any one of the preceding claims, characterized in that the nettle extract (c) is

present in a concentration of between 0 and 60% and advantageously between 35% and 55% by weight relative to the total weight of the composition.

5 9. Composition according to any one of the preceding claims, characterized in that the soybean extract (d) is present in a concentration of between 0 and 10% and advantageously between 0 and 5% by weight relative to the total weight of the composition.

10

10. Composition according to any one of the preceding claims, characterized in that the composition is formulated for oral administration.

15 11. Composition according to Claim 10, characterized in that the composition is in the form of a wafer capsule, a gel capsule, a tablet, a granule, a chewing paste, a gum, an oil or an oily jelly.

20 12. Composition according to Claim 10, characterized in that the composition is a food composition or a food supplement.

25 13. Composition according to any one of Claims 1 to 9, characterized in that the composition is formulated for topical or rectal administration.

30 14. Composition according to any one of Claims 4 to 13, characterized in that it can be obtained according to the process comprising the maceration of the nettle powder (c) in a mixture of marrow oil (a) and borage oil (b), to which soybean lecithin is optionally added.

35 15. Composition according to any one of the preceding claims, for its use as a medicinal product, as a dermatological or dermocosmetic agent, or as a nutraceutical agent.

16. Composition according to Claim 15, for its use in the prevention or treatment of alopecia, acne, hirsutism, seborrhoea or body odour.
